

# Creating a My Health Account using your email address

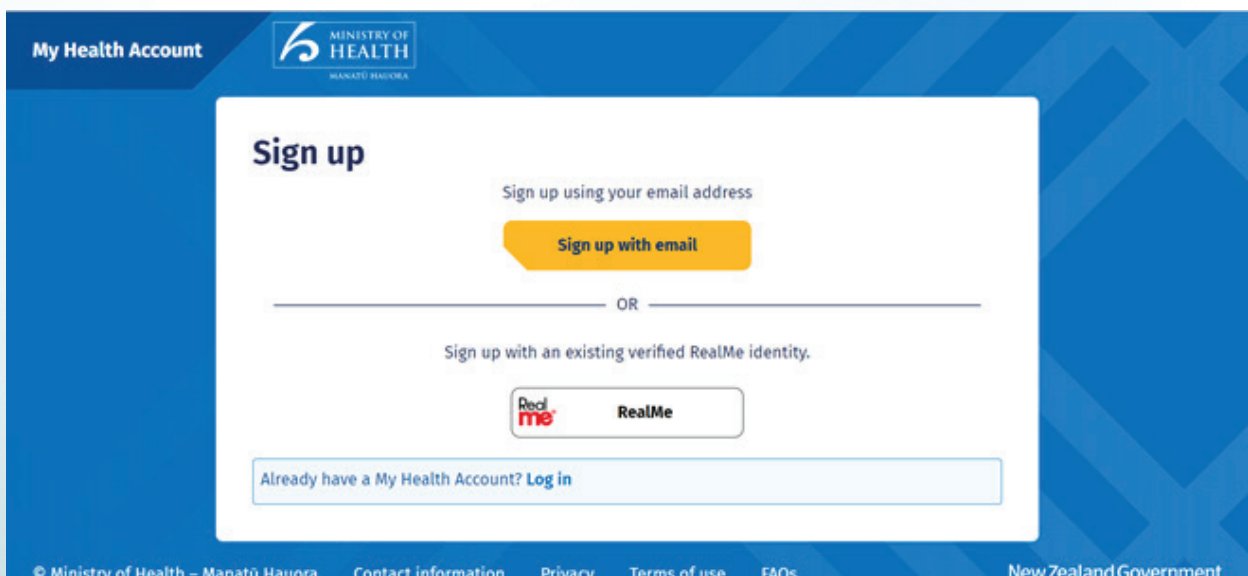

1. Make sure you have one of the following types of identification: **Drivers License, Passport, Birth Certificate** (issued or reissued after 1 January 2003) or **Citizenship Certificate**
2. Go to <https://identity.health.nz/>
3. Select 'Sign up with email'
4. Read and accept the My Health Privacy Policy and Terms of use by checking the box. Select 'Start'
5. Follow the onscreen prompts that will guide you through the sign-up process. Make sure you are able to access your email account as you will be sent a verification code.

**Note:** You can sign up for a My Health Account using a verified **RealMe** account, you will just need to know your login details for this. Select 'Sign up with an existing verified RealMe identity' for step 3, and then continue to follow the rest of the steps.

### Before you start

You will be guided through the steps to set up a My Health Account. You will need an email address that no one else has used to create a My Health Account. [?](#)

**Please agree to continue**

I have read and agree to the [My Health Privacy Policy](#) and [Terms of use](#). I am making the application on my own behalf. [?](#)

Pretending to be another person to obtain/alter their personal information is an offense under section 212 of the Privacy Act 2020 and could result in a conviction and a fine not exceeding \$10,000.
